Thrivent provides a \$250 debit card as seed money for supplies and other project needs. Plus, you get a FREE t-shirt. Learn more at [thrivent.com](http://thrivent.com) or contact Mrs. Pickering for ideas on how your Action Team can help support our school ministry.

**Asbestos**

Under AHERA (Asbestos Hazard Emergency Response Act), all primary and secondary schools are required to develop and implement a plan for managing all building materials which contain asbestos. Included in the AHERA Act is the requirement to annually notify all workers and building occupants (or their guardians) of asbestos-related activities.

The entire Celebration Campus was inspected by EPA accredited inspectors, with building material samples analyzed by an independent laboratory. Based on the inspection, CLS has prepared and the state approved a comprehensive management plan for managing the asbestos. A copy of this plan is in Mrs. Pickering's office if you would like to review it.
