Artsonia

Watch your email! Mrs. Behm has begun posting your child's artwork to ArtSonia.

Artsonia is a free, safe, educational program designed to connect parents and families with their child's creative activities at school. As we approach the holiday season...remember that you may purchase high quality custom keepsakes with your child's art. And, as an added bonus...the CLS art program receives 20% of your purchase towards art materials and other supplies. Any questions about Artsonia, please contact Mrs. Behm

Science Fair

The science fair this year will be held on January 31, 2020. All students from kindergarten through 3rd grade are eligible to enter a project. Students in grades 4-8 will begin working with Mrs. Reinders on their projects on Monday, November 4. At this point the only thing that students can do to get a head start is to pick a topic to study. There are many internet sites that have lots of ideas for projects:

If you have any questions about project ideas, please contact Barbara Reinders (Middle School Teacher)
