Distance Learning Day

Next month on Nov 8th there will be voting here at CLS and we are expecting the voter turnout to be high. For that reason, we are planning a distance learning day. Your child's teacher will be sending home materials to work on or providing your student with guidance on what the expectation is for the day. We aim to make the work fun and educational with varying levels of assignments based on age. Please look for details from your teacher and let us know if you have any questions.
